

Child Protection & Safeguarding Policy

2019-20

All children and young people will have the same protection regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity. We are committed to anti-discriminatory practice and recognise the additional needs of children from minority ethnic groups and disabled children and the barriers they may face, especially around communication

Introduction

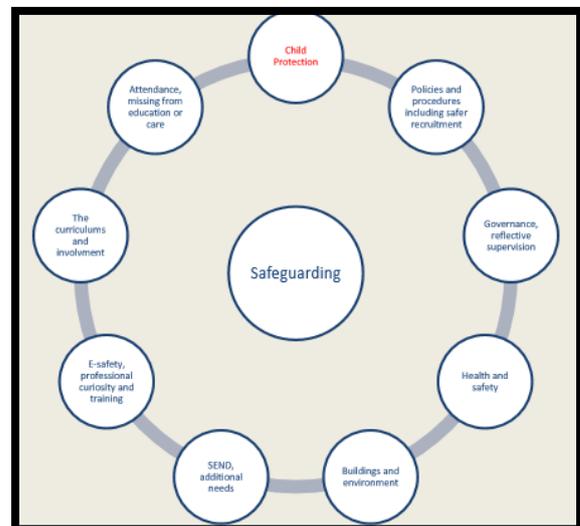

At Primrose Lane Primary School, we are committed to providing an environment that nurtures and transforms the lives of children and young people attending Primrose Lane Primary School and take seriously our responsibilities to safeguard and promote their welfare. In addition, we undertake our responsibilities to work in partnership with agencies as part of the wider, multi-agency, safeguarding system, always acting in the best interest of the child or young person where concerns are identified, in accordance with Primrose Lane Primary School's Safeguarding (Child Protection) Policy and Procedures, statutory guidance and Somerset Safeguarding Partnership policies and procedures.

Personal sensitive information is processed in accordance with the Data Protection Act 2018 and Part 3, the General Data Protection Regulations (GDPR). Consent to share information will be sought unless we are required to share information where there are child protection concerns (and consent has been withheld) or we are requested to share information with other statutory agencies such as the police or children's social care in pursuit of their enquiries in order protect and safeguard children and young people.

Definition of safeguarding

Safeguarding and promoting the welfare of children is defined in statutory guidance as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; taking action to enable all children to have the best outcomes.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. In order to fulfil this responsibility effectively we ensure our approach is child centered, considering always, what is in the **best interests** of the child or young person.

Most children grow up in loving families and supportive communities and become independent, resilient adults. Wherever possible we want this for all children and young people in Somerset, so that they and their families can support themselves by engaging with and contributing to their local communities. In order to achieve this children, young people and their families should receive the right intervention as early as possible to tackle problems and prevent issues escalating. All practitioners will adopt an Early Help/Think Family approach meaning they look at the whole family situation and what needs to happen to improve that situation whether that means working with adults, children or the whole family

Our commitment

To safeguard and promote the welfare of children and young people through:

- The provision of a safe environment in which children and young people can learn
- Identifying concerns early and provide appropriate help and support for children and young people and their parents/carers to prevent concerns escalating to a point whereby intervention would be required under the Children Act 1989 and in accordance with the Somerset Effective Support for Children and Families, Thresholds for Assessment and Services guidance.

Glossary

- Reference to “staff” includes both education and care specific staff
- “Staff” or “members of staff” includes all paid staff irrespective of their role in the organisations and includes agency staff and volunteers
- SSP is an abbreviation for the Somerset Safeguarding Partnership (SSP) the new name for the Local Safeguarding Board (LSCB)

Statutory responsibilities

All action taken by Primrose Lane Primary School will be in accordance with:

Current legislation namely:

- The Children Act 1989 and 2004; Education Act 2002 and 2011; Education and Inspections Act 2006;

Statutory guidance and Advice namely:

- Working Together to Safeguard Children (2018) which sets out the multi-agency working arrangements to safeguarding and promote the welfare of children and young people
- Keeping Children Safe in Education (September 2019) which sets out what schools should do and sets out the legal duties with which school must comply with in order to keep children and young people safe
- Teacher Standards 2012 which sets out that teachers, including Headteachers, should safeguard children’s well-being and maintain public trust in the teaching profession as part of their professional duties
- Other specific guidance and advice issued by the DfE in relation to the wider safeguarding agency, e.g. behaviour, health and safety, bullying, e-safety and medical needs

The role of the Designated Safeguarding Lead (DSL)

Keeping Children Safe in Education (September 2019) requires each school to have a designated safeguarding lead (DSL) who has the status and authority to carry out the duties of the post including committing resources and where appropriate, supporting and directing staff. They provide advice and support to other staff on child welfare and child protection matters, take part in strategy discussions, inter-agency meeting (or support other staff to do so) and to contribute to the assessment of children and young people.

The Deputy Designated Safeguarding Lead (DDSL)

Supports the DSL in discharging their responsibilities and whilst they may deputise for the DSL the lead responsibility for child protection remains with the DSL. At Primrose Lane Primary School we have two Deputy DSLs.

Details of Primrose Lane Primary School’s key safeguarding personnel can be found within the provision details on Page 5.

Both the DSL and DDSL must complete single agency and multi-agency training to undertake the role which is provided by the Local Authority Education Safeguarding Service and Somerset Safeguarding Partnership. In addition, they will access DSL briefings, attend annual refresher training and remain up to date in relation to early help, safeguarding and child protection. More information about the roles and responsibilities of the DSL and DDSL can be found [here](#)

What all staff should know

All schools are required to issue Part One of Keeping Children Safe in Education (September 2019) - in full - to their staff and ensure that they have read and understood its contents. At Primrose Lane Primary School we are adopting this guidance and its contents across the whole school and whilst the language refers to “school” or “headteacher/head of school” it applies to both care and

education provision provided at Primrose Lane Primary School. School should be interpreted to be “Primrose Lane Primary School” and “headteacher/head of school” should be interpreted as “principal”

Part One can be accessed [here](#)

Staff Induction

As part of the induction process for new employees they will attend an induction briefing or if they commence part way through the year receive a one to one induction meeting with either the DSL DDSL that signposts staff to relevant safeguarding documentation including this policy and procedure, guidance for safer working practice, what to do if you're worried a child may be abused and whistleblowing advice see [Appendix A: Staff Induction Record](#)

Action to be taken if there are concerns in relation to safeguarding practices

All staff, volunteers and agency staff should feel able to raise concerns about poor or unsafe practice and any potential failures in the safeguarding regime and know that such concerns will be taken seriously by the senior leadership team and designated safeguarding leads. Should staff feel unable to raise concerns within the organisation advice and guidance has been produced to ensure that they are aware of how to raise such concerns externally see [Appendix B: NSPCC Whistleblowing advice and information](#). which is also available on the safeguarding notice board in the staff room. In addition, the Huish Academy Trust Whistleblowing Policy is available via the staffroom or via the website

The concerns flowchart provides additional information about how to make a referral to children's social care, the LADO or to report concerns to the NSPCC advice line in instances where they have concerns about the organisation's response to child protection, the conduct of staff or they do not feel that appropriate action has been taken in relation to concerns they have raised is at [Appendix C: Concerns Flowchart](#)

Dealing with a disclosure

If a child discloses that he or she has been abused in some way, the member of staff or volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Safeguarding Lead **without delay**

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Safeguarding Lead/ deputy.

If a member of staff/volunteer receives a disclosure about potential harm caused by another member of staff/volunteer, they should see section – Allegation involving school staff/volunteers.

Record Keeping

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record on “MyConcern” as soon as possible after the conversation. Use the school record of concern sheet as an interim, if helpful.
- Do not destroy the original notes in case they are needed by a court
- Record the date, time, witness, place and any noticeable non-verbal behaviour and the words used by the child
- Indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Safeguarding Lead promptly. No copies should be retained by the member of staff or volunteer.

The Designated Safeguarding Lead will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

If a pupil who is/or has been the subject of a child protection plan changes provision, the Designated Safeguarding Lead will inform the social worker responsible for the case and transfer the appropriate records to the Designated Safeguarding Lead at the receiving provision in a secure manner, and separate from the child’s academic file.

All child protection recordings should be scrutinised regularly to ensure the action and outcome has been carried and any drift avoided. All records are kept in accordance with SSE Record keeping guidance available on the Support Services for Education website under the Education Safeguarding section policy and guidance.

Procedure

When a member of staff is concerned about a child he or she will inform the Designated Safeguarding Lead/Deputy. The Designated Safeguarding Lead/Deputy will decide whether the concerns should be referred to Children’s Services. If it is decided to make a request for involvement to Children’s Services this will be discussed with the parents, unless to do so would place the child at further risk of harm. The School Designated DSL/Deputy will also inform the Trust DSL of any referral.

While it is the DSL’s role to make request for involvement, any staff member can make a referral to Children’s Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out Female Genital Mutilation), a referral should be made to Children’s Services and/or the Police immediately. Where referrals are not made by the DSL/deputy, the DSL/deputy must be informed as soon as possible.

When a person is employed or engaged to carry out ‘teaching’ work in England, in the course of their work, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 or there is a risk this might occur the teacher must report this to the police. This is a mandatory reporting duty. See - Keeping Children Safe in Education (DfE 2018): Annex A for further details.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations.

Attention must also be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept and attendance procedures followed.

If a pupil who is/or has been the subject of a child protection plan changes provision, within or outside Primrose Lane Primary School, the Designated Safeguarding Lead will inform the social worker responsible for the case and transfer the appropriate records to the Designated Safeguarding Lead at the receiving provision, in a secure manner, and separate from the child's academic file. Should the child's whereabouts be unknown or they move to elective home education the Social Worker must be informed and the setting follow the procedure for reporting children missing education and elective home education

The Designated Safeguarding Lead and deputies are responsible for making the schools and academy leadership teams aware of trends in behaviour or concerns that may affect pupil welfare. Gathering safeguarding data and impact will be embedded into the schools' and academy's process to measure effective safeguarding practice and resolve any weaknesses.

Abuse and neglect (definitions)

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Abuse is the maltreatment of a child or young person; they may be abused or neglected through harm being inflicted or by parents or carers failing to prevent harm. Children and young people may be abused in a family or in an institutional or community setting by those known to them or by being targeted by others via the internet for example. They may be abused by an adult or adults or by another child or children. The following are the statutory definitions of abuse and neglect as set out in Working Together to Safeguard Children (2018) however, the ultimate responsibility to assess and determine the type category of abuse is that of the Police and Children's Social Care – our responsibility is to understand what each category of abuse is and how this can impact on the welfare and development of our children and where we have concerns that a child or young person may be at risk of abuse and neglect (one or more categories can apply) to take appropriate action as early as possible

Physical abuse:

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. Statutory guidance Safeguarding Children in whom Illness is Fabricated or Induced (2008) sets out a national framework within which agencies and professionals at local level – individually and jointly – draw up and agree upon their own more detailed ways of working together where illness may be being fabricated or induced in a child by a carer who has parenting responsibilities for them

Neglect:

the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer **failing to:** provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate

supervision (including the use of inadequate care-givers); ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional abuse:

the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse:

involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Safeguarding in specific circumstances:

In addition to the above there are other areas of safeguarding that the organisation has to have due regard to. **Annex A of Keeping Children Safe in Education (September 2019)** highlights specific forms of abuse and safeguarding issues which staff who work with children and young people should read the following is a synopsis of the areas addressed but are not a fully replica of the guidance which can be accessed [here](#)

Children and the court system may be required to give evidence in the criminal courts, either for crimes committed against them or for crimes they have witnessed. There are a range of guides to support child witnesses. In the civil courts children and young people may be involved in child arrangement hearing and the Ministry of Justice has launched an online child arrangement information tool detailing the dispute resolution service.

Children Missing Education (CME) All staff should be alert to children going missing as this can be a vital warning sign of a range of safeguarding risks, including abuse and neglect, sexual abuse or exploitation (Child Sexual Exploitation and Criminal), travel to conflict zones, Female Genital Mutilation (FGM), forced marriage. Early intervention is necessary to protect and safeguard a child or young person

Children with family members in prison are more likely to have poor outcomes, including poverty, stigma, isolation and poor mental health. More information to support schools and colleges can be found on the [Nicco](#) website

Child Sexual Exploitation (CSE) is child sexual abuse, whereby an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under 18 to

engage in sexual activity (a) in exchange for something the victim needs or wants and/or (b) for the financial advantage or increased status of the perpetrator or facilitator

Child Criminal Exploitation (CCE) is geographically widespread form of har that is a often referred to as county lines, which involves drug networks or gangs that groom and exploit children and young people to carry drugs and money. A key indicator is that victims are often missing from home, care or education and trafficked for the purpose of transporting drugs.

Child and Adolescent Mental Health: Good mental health and resilience are fundamental to our physical health, our relationships, our education and to achieving our potential. DfE advice for schools in relation to Mental health and behaviour in schools (2018) which can be accessed [here](#). This is non-statutory advice which clarifies the responsibility of the school, outlines what they can do and how to support a child or young person whose behaviour - whether it is disruptive, withdrawn, anxious, depressed or otherwise - may be related to an unmet mental health need. Whist it considers the school environment it is also relevant for work within our residential provision.

Bullying has a separate Anti-Bullying policy which is accessible via the staff room and the school website. Further guidance is available [here](#)

Domestic abuse, Domestic violence, Gender-based violence and violence against women and girls (VAWG), teenage relationship abuse: is defined as any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners irrespective of gender or sexuality. Exposure to domestic abuse or violence can have a serious, long lasting emotional and psychological impact on the development of children and young people. Further advice and guidance accessed via the [NSPCC](#), [Refuge](#) and [Safelives](#) spotlight on young people and domestic abuse
Further resources relating to violence against women and girls (VAWG) can be accessed [here](#)

Homelessness or the being at risk of being made homeless is a significant risk for children or young people. The DSL should refer to the local housing authority at the earliest opportunity. The Homelessness Reduction Act 2017 places a new legal duty on English councils to provide meaningful help, including an assessment of need and circumstances. The DfE and the Ministry of Housing, Communities and local government have published joint statutory guidance on the provision of accommodation for 16 and 17 year old's who may be homeless or require accommodation A series of fact sheets can be access [here](#)

Online Safety: Annex C of Keeping Children Safe in Education (September 2019) addresses the use of technology which can be a significant component of many safeguarding issues including CSE, CCE, radicalisation, sexual predation etc., whereby technology provides the platform that facilitates harm. Schools and colleges must adopt a range of effective safeguarding approaches that both safeguards and empowers children and young people to access support and remain safe online by reducing the risk of harm through the use of filters, monitoring and appropriate use policies for those accessing our IT system, whilst at the same time providing a safe environment in which children and young people can learn to keep themselves safe online.

Peer on Peer abuse: children and young people can abuse their peers which can take many forms, including but not limited to: bullying (including cyber bullying); sexual violence or harassment; physical abuse including hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm; sexting and initiating/hazing type violence or rituals.
Sexual violence and sexual harassment between children in schools and colleges: can occur between two children of **any** age and sex and occur through a group of children or young people sexually assaulting or harassing an individual or group of children.

It can also involve **Upskirting** which involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification or cause the victim humiliation, distress or alarm. This is now a criminal offence
Further guidance is available [here](#)

Preventing extremism: Children and young people can be vulnerable to extremist ideology and radicalisation and forms part of schools and colleges safeguarding responsibilities, as set out in the Prevent Duty Extremism is the vocal or active opposition to our fundamental values and radicalisation refers to the process by which a person come to support terrorism and extremist ideologies associated with terrorist groups. Further information can be access below in relation to
[Extremism](#) [Radicalisation](#) [Prevent](#)

Private Fostering: is when a child under the age of 16 (under 18 if disabled) is cared for by someone who is not their parent or a 'close relative'. This is a private arrangement made between a parent and carer, for 28 days or more. Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts (whether of full blood, half blood or marriage/affinity). A private foster carer may be a friend of the family, the parent of a friend of the child, or someone previously unknown to the child's family who is willing to privately foster a child. Primrose Lane Primary School has a responsibility to refer to Children's Social Care of any private fostering arrangement we become aware of, in order for Children's Social Care to undertake an assessment to ensure the needs and welfare of the child or young person is being met and that adults caring for them have access to advice and support.

Special Education Needs and disabilities: There's a concern sometimes that, for children with SEN and disabilities, that their SEN or disability needs are seen first, and the potential for abuse second. If children are behaving in particular ways or they're looking distressed or their behaviour or demeanour is different from in the past, our staff should think about that being a sign of the potential for abuse, and not simply see it as part of their disability or their special educational needs.

The Governing Body (including Trusts or Directors and Local Board Members)

Governing bodies and proprietors will ensure that they comply with their duties under legislation. They will also have regard to this guidance to ensure that the policies, procedures and training in the provision are effective and comply with the law at all times.

The responsibilities placed on governing bodies and proprietors include:

- Contributing to ensure the provision is carrying out inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified.
- Ensuring that an effective child protection policy is in place, together with a staff behaviour code of conduct policy and behaviour policy.
- Ensuring staff are provided with Part One of *Keeping Children Safe in Education (DfE 2019)* –and are aware of specific safeguarding issues.
- Ensuring that staff induction is in place with regards to child protection and safeguarding.
- Appointing an appropriate senior member of staff to act as the Designated Safeguarding Lead.
- Ensuring that all of the Designated Safeguarding Leads (including deputies) undergo formal child protection training every two years (in line with SCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).
- Prioritising the welfare of children and young people and creating a culture where staff and volunteers are confident to challenge senior leaders over any safeguarding concerns.
- Ensuring that children are taught about safeguarding in an age appropriate way.

- Ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material
- Having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.
- Ensure scrutiny and effectiveness of the single central record and child protection recording is undertaken.
- Ensure safeguarding is regularly discussed and outcomes recorded at Governor meetings.
- Ensure the requirements of The Governor's Safeguarding Audit Section 175 are met and actions when needed completed in a timely way

Looked after children: The staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child. The designated teacher for looked after children and the DSL have details of the child's social worker and the name and contact details of the local authority's virtual head for children in care.

So-called 'honour-based' violence (including Female Genital Mutilation, Forced Marriage Breast Ironing) encompasses incidents or crimes which have been committed to protect or defend the honour of the family or community. All forms of honour based violence (HBV) is abuse, regardless of the motivation and should be handled and escalated as such. There are specific mandatory reporting duties for teachers to report to the police where they discover (either through disclosure or visual evidence) that FGM appears to have been carried out on a girl under 18.

Additional guidance and publications

FGM: Mandatory reporting procedural information can be accessed [here](#)

FGM Fact sheet can be access [here](#)

Forced Marriages: Multi- agency guidelines(2014) pages 35 and 26 pertain to schools can be accessed [here](#) along with statutory guidance (2014) which can be access [here](#)

Allegations of abuse made against teachers, other staff, Volunteers and Agency Staff: People in a Position of Trust

Working Together to safeguard Children (March 2018) states that organisations should have in place clear policies in line with those from the Somerset Safeguarding Partnership to manage allegations against people who work with children and young people. Such policies should make a clear distinction between an allegation, a concern about the quality of care or practice or a complaint. Full details are available [here](#)

In addition, Keeping Children Safe in Education (September 2019) Part Four, sets how allegations may indicate that a person would pose a risk of harm if they continue to work in regular or close contact with children in their present position, or in any capacity in a school or college under the age of 18 years. Part 4 of the Keeping Children Safe in Education (September 2019) which can be accessed [here](#)

An allegation may relate to a person who works with children who has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child or
- behaved towards a child or children in a way that indicates they may pose a risk of harm

The Huish Academy Trust Management of Allegations policy and procedure is available on the website www.huishacademytrust.co.uk, Phone Somerset Direct on **0300 123 2224** for a referral.

What staff should do if they have concerns about another staff member

If any member of staff, volunteer or agency staff have concerns relating to an individual's conduct or behaviour, whether they be a colleague, member of the management or senior leadership team, they should refer their concerns to the designated safeguarding lead or the Head of School.

Where concerns or allegations relate to the Head of School, these should be referred to the Executive Headteacher. Where concerns or allegations relate to the Executive Headteacher, these should be referred to the Chair of Directors.

Staff Code of Conduct; In addition to the Safeguarding and Child Protection policy, We have a staff Code of Conduct that outlines an acceptable level of staff behaviour. During their induction training, new staff will be given and have read:

- Staff Code of Conduct (inc. use of social media, and the Position of Trust Offence)
- The school's Safeguarding and Child Protection policy
- Keeping Children Safe in Education (2018) (Part One and Annex A)
- Behaviour Policy
- Procedures for children missing education.

The Governing Body (including Trusts or Directors)

Governing bodies and proprietors will ensure that they comply with their duties under legislation. They will also have regard to this guidance to ensure that the policies, procedures and training in the provision are effective and comply with the law at all times.

The responsibilities placed on governing bodies and proprietors include:

- Contributing to ensure the provision is carrying out inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified.
- Ensuring that an effective child protection policy is in place, together with a staff behaviour code of conduct policy and behaviour policy.
- Ensuring staff are provided with Part One of *Keeping Children Safe in Education (DfE 2019)* –and are aware of specific safeguarding issues.
- Ensuring that staff induction is in place with regards to child protection and safeguarding.
- Appointing an appropriate senior member of staff to act as the Designated Safeguarding Lead.
- Ensuring that all of the Designated Safeguarding Leads (including deputies) undergo formal child protection training every two years (in line with SCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).
- Prioritising the welfare of children and young people and creating a culture where staff and volunteers are confident to challenge senior leaders over any safeguarding concerns.
- Ensuring that children are taught about safeguarding in an age appropriate way.
- Ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material
- Having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.
- Ensure scrutiny and effectiveness of the single central record and child protection recording is undertaken.
- Ensure safeguarding is regularly discussed and outcomes recorded at Governor meetings.
- Ensure the requirements of The Governor's Safeguarding Audit Section 175 are met and actions when needed completed in a timely way

Whistleblowing Advice Line

Support for professionals who are worried about children in the workplace

The NSPCC whistleblowing Advice Line offers free advice and support to professionals with concerns about how child protection issues are being handled in their own or another organisation.

What is whistleblowing?

Whistleblowing is when someone raises a concern about a dangerous or illegal activity or any wrongdoing within their organisation.

Raising a concern is known as “blowing the whistle” and is a vital process for identifying risk to children, young people and vulnerable adults. In recent years there have been several high profile cases of institutional abuse which have come to light as a result of whistleblowing.

Sharing information or talking through a concern can be the first step to helping an organisation identify problems, improve practice and safeguard the welfare of children, young people and vulnerable adults.

Contact the Whistleblowing Advice Line

Call 0800 028 0285

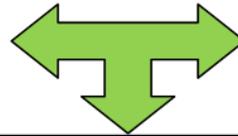

Email help@nspcc.org.uk

The government website www.gov.uk also has valuable information for whistleblowers in relation to their rights, support and who to tell. This can be accessed [here](#):

Appendix C - Action to be taken where there are concerns about the welfare of a child or young person or the conduct/actions of Staff or Visitors

General Information and Advice

Always act in the best interests of the child or young person: the welfare of the child is paramount **Children Act**

Always maintain an attitude of '**it could happen here**': Learning lessons from Serious Case Reviews e.g. Daniel Pelka and Nigel Leat

Be alert to the signs of abuse and neglect supporting documents include:

Primrose Lane Primary School Safeguarding (Child Protection) Policy & Procedures: Part One: Keeping Children Safe in Education (September 2019):
What to do if you're worried a child is being abused (DfE March 2015) Advice for Practitioners: Working Together to Safeguard Children (2018)
These can be accessed on the Primrose Lane Primary School's website and the safeguarding notice board in the staff room

If, a child or young person is in immediate danger or is at risk of significant harm

Anyone can make a referral to Children's Social Care and/or the Police (but the Designated Safeguarding Lead (DSL) should be informed if a referral has been made). **Contact details Children's Contact Centre Office Hours : 0300 123 2224 : Emergency Duty Team (EDT) outside office hours, weekends or bank holidays 0300 123 2224 or contact the Police on 999**

If you have a concern relating to dangerous or illegal activity or any wrongdoing within the organisation and you do not feel you can raise a concern directly you can contact the **NSPCC Whistleblowing helpline 0800 028 0285** – line is available from 8:00 AM to 8:00 PM, Monday to Friday or Email: help@nspcc.org.uk

How to report child welfare or child protection concerns at Primrose Lane Primary School

Child Welfare

Discuss your concerns with your immediate line manager
Or
Discuss your concerns with the Designated or Deputy Safeguarding Lead (DSL)

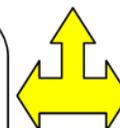

You must act to safeguard

Immediate Concerns and/or immediate action is required

Safeguarding/Child Protection Concerns

The DSL will consider what information is already known consider indicators of risk and following multi-agency guidelines take appropriate action

Concerns relating to the conduct or actions of a staff member:
The DSL will liaise with the Head of School or you can refer your concerns directly. If concerns relate to Head of School the Executive Headteacher must be notified. All allegations will be investigated following statutory guidance and Somerset Safeguarding Partnership procedures by the Local Authority Designated Officer (LADO).

Appendix D – Early Years Provision

Working Together 2018 states -

- Early years providers have a duty under section 40 of the Childcare Act 2006 to comply with the Safeguarding and Welfare Requirements of the Early Years Foundation Stage.

Keeping Children Safe in Education 2018 states –

- The Early Years Foundation Stage Framework (EYFS) is mandatory for all early years providers. It applies to all schools that provide early years provision including maintained nursery schools.

The Early Years Foundation Stage states –

- Schools are not required to have separate policies to cover EYFS requirements provided the requirements are already met through an existing policy. Where providers other than childminders are required to have policies and procedures as specified below, these policies and procedures should be recorded in writing.
- Providers must be alert to any issues of concern in the child's life at home or elsewhere. Providers must have and implement a policy, and procedures, to safeguard children. These should be in line with the guidance and procedures of the relevant Local Safeguarding Children Board (LSCB). The safeguarding policy and procedures must include an explanation of the action to be taken when there are safeguarding concerns about a child and in the event of an allegation being made against a member of staff and cover the use of mobile phones and cameras in the setting.

Early Years Providers must be compliant with the Safeguarding and Welfare Requirements
Below is the link to the EYFS

<https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>

- We are compliant with all the Safeguarding and Welfare Requirements of the Early Years Foundation Stage 2017.
- We have a mobile phone and camera policy in place within the provision through our Online Safety Policy that details the procedure for use of these devices. This covers the use of Mobile Phones and Cameras in the setting and on visits and includes the settings procedures with regards to mobile phones and cameras for all staff, volunteers and visitors.
